Road Traffic Signs

Since its formation in 1930 IRS has been one of the leading manufacturers of road traffic signs.

The demand of the road traffic sign industry have changed enormously since then, but the commitment to quality and service at IRS has not.

All traffic signs are manufactured to the specifications of BS EN 12899-1:2001

Since 1991 our Quality Management system has been registered as meeting the requirements of BS EN ISO 9001.

We provide a complete service for all types of traffic signs

- Design
- Manufacture
- Installation
- Traffic Management

If you need a non reflective parking sign or a motorway direction sign, whether you need just one or many, we would like to help.
