Site Safety & Information

Effective Signage is a vital element of any company's site management. It is visual evidence of commitment to the Health and Safety of those who work at and visit your premises. IRS can help to create an environment which benefits from clearly presented information to assist wayfinding and adherence to safety procedures.

There are many options available:

- Aluminium
- Steel
- Plastic
- Self Adhesive
- Reflective
- Photoluminescent
- Post Mounted
- Surface Mounted
- Free Standing / Portable Frames

Whether you need a standard sign from our catalogue or a specially designed sign to suit a particular project, we would like to help.
